A recent LA Times article reported that the City of LA had adopted a "Fast Track for Sidewalk Dining" pilot program. While we understand that it seems to be limited to the Downtown Los Angeles area, the WTC BID Board and a number of Westchester property owners would like to see if we can qualify for a small pilot project on the east side of Sepulveda in the block north of La Tijera Boulevard. Can you tell me who we would talk to about that and provide their contact information?

In the event that that opportunity is closed-off to us, can you tell me who the Westchester CDO Planner is and their contact info so that we can contact them about initiating a special WTC BID Sidewalk Dining Program for the same area?

Thanks Nate.
